SUMMARY

Versatile Full-Stack Web Developer with a strong foundation in Frontend development and hands-on experience across backend technologies. Driven by a passion for building intuitive, responsive, and high-performance web applications using modern tools and clean, maintainable code. In addition to technical expertise, I bring practical experience in Digital Marketing and Office Administration, enabling effective collaboration, brand awareness, and operational support. Known for adaptability, attention to detail, and the ability to deliver efficient, user-focused solutions in dynamic work environments.
